EQUATOR PRINCIPLES 2007

Project finance is a relatively small part of our Corporate business, representing under a 10th of Corporate lending. We have nonetheless adopted the Equator Principles to demonstrate commitment to addressing the environmental and social impacts of our business operations. This year we provide detailed data on our Equator risk reviews for the first time.

Number of projects receiving EP review at marketing stage/appraisal and fully funded or executed:

One EP project has been progressed, a category C infrastructure project in Europe.
